

The iconic blonde,  
only Shades EQ can create

# Sabrina's #REDKENRECIPE

Sabrina's blonde has the perfect balance. It's bold but it's still soft enough to highlight her natural beauty. For Sabrina's blonde, I use 1 oz. 09N, 1 oz. 010Gi, and 0.5 oz. 09G.

The tone brings a modern edge to her look and it adds a brightness on stage and in photos. It's a color that feels unique to her and truly reflects her personality and style.

There is something incredibly rewarding about creating a color that feels perfectly tailored to each person. I'm excited to partner with Redken to bring you 2 looks with formulas and techniques all inspired by what I do on Sabrina.
