## SECTIONING

### + STEP 1

Separate the front from the back with a vertical parting from the top of the head to the top of the ear. Repeat on the opposite side. Divide the back equally with a vertical parting from the top of the head to the center of the nape, and from the top of the head to the front hairline.

## SHADES EQ GLOSS APPLICATION

### + STEP 1

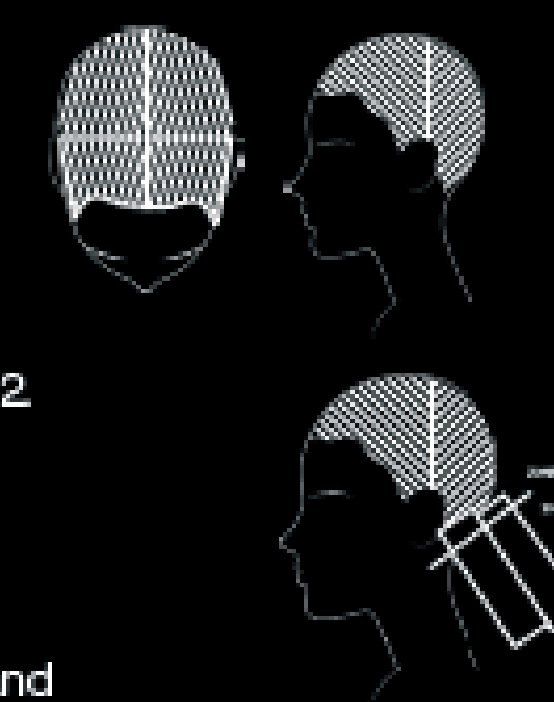

On dry hair, Apply Shades EQ Formula 1 globally to zone 1.

### + STEP 2

Once zone 1 is complete, apply Shade EQ Formula 2 to zone 2. Blending together where the colors meet.

### + STEP 3

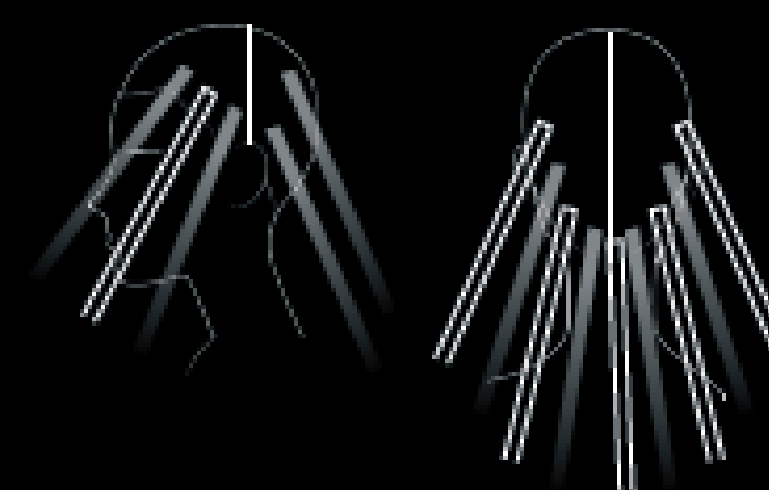

Process for 20 minutes at room temperature, then rinse well and condition with Acidic Bonding Concentrates. Dry and style.

## LIGHTENING APPLICATION

### + STEP 1

Starting at the nape, take a ¼" (0.5cm) diagonal back slice section. Apply Lightening Formula to zone 2&3 saturate well. Lay another foil on top and secure. Continue to drop down sections and work through the 4 quadrants applying lightening formula to zones 2 & 3.

### + STEP 2

Process at room temperature until level 6 is achieved, do not exceed 50 minutes. Rinse and shampoo with Acidic Bonding Concentrates.
